## Country Overview:

France, the largest country in Western Europe, has long been a gateway between the continent's northern and southern regions. Its lengthy borders touch Germany and Belgium in the north; the Atlantic Ocean in the west; the Pyrenees Mountains and Spain in the south.

Wide fertile plains dominate most of the north and west, making France the agricultural epicenter of Europe. The sprawling, forested plateau of the Massif Central, a range of ancient mountains and extinct volcanoes, occupies France's southern interior.

## Paris, France (5 nights)

Paris is unarguably one of the most beautiful cities in the world, the capital of France, of art and of fashion. It is a diverse and sophisticated city that appeals to every style of traveler. In addition to the Eiffel Tower, Paris has countless other gorgeous landmarks and monuments that add to the beauty of the spacious boulevards and their charming cafés.

French cuisine is also world famous, and you can find some of the best of it in Paris. There is world class shopping and a dynamic fashion scene, and plenty of interesting museums and art galleries.
